260 sq.m. | Bathrooms: 2 | Bedrooms: 5 | Rooms: 13

Sora (Via San Giuliano Sura) a few hundred meters from the city center, we offer for sale a detached house with a paved courtyard on two levels.

The property is divided into two apartments each with its own independent entrance: on the ground floor we find a large open space entrance with open kitchen and thermo fireplace, double living room, two bedrooms, a bathroom and a small courtyard. The year of construction of this first property is 1962 and part of the living area was registered after the project as room C/1 where there was a small grocery store. Its conversion back into an apartment is easily achievable given its origin from the project released by the Municipality.

In 1978 the building was expanded with a raised floor and the upper floor was created, currently in its raw state, but much larger than the ground floor. They are approximately 150 metres, composed as follows: entrance, staircase leading to the first floor, lounge, 3 bedrooms, kitchen, study, bathroom, two balconies and access to the attic of a further 150 metres.

Overall, the property is immediately habitable on the ground floor, to be finished on the upper floor. The roof is in excellent condition, there is a regular sewer connection, methane gas or thermo fireplace for heating, an electrical system to be updated and 360 degree exposure which makes it very bright and airy.

The driveway entrance is present and allows you to park up to 3 cars inside the building.

Excellent Investment.
