Daiena House

In Falvaterra, in via Cupa, close to the historic center and in a panoramic and sunny position, we offer for sale a detached house developed entirely on the ground floor of approximately 100 square meters with a large garden.

The property needs to be finished internally, its reinforced concrete structure and roof are in perfect condition.

It consists of a large entrance hall, lounge, two bedrooms, eat-in kitchen with an ancient and imposing fireplace. The garden surrounding the property is flat and full of fruit trees and some olive trees.

This house is very well exposed and very sunny, thanks to its position it is possible to see numerous villages of Ciociaria and its hills.

Near the edge of the garden, a lovely stream of spring water flows all year round.

Great investment.
