"The Residence on Via Roma"

In the authentic heart of Ciociaria, along the prestigious Via Roma, we offer for sale a historic apartment of approximately 300 square meters. This property represents one of the most fascinating and rare investment opportunities currently available in Isola del Liri, in the province of Frosinone.

A home that tells the story of time, preserving memory, elegance, and potential, immersed in one of Italy's most charming villages, famous for its spectacular natural waterfall in the historic center, a unique sight in Europe that makes the town a highly attractive tourist and cultural destination.

The location is strategic: Isola del Liri is easily accessible via the SS82 and the road network that leads quickly to Sora, Cassino, and Frosinone, with convenient access to the A1 Rome-Naples motorway.

The nearby train station offers efficient regional connections, while Rome and Naples are within easy reach, making the property perfect not only for a local investment but also for a larger hospitality or office project.

The palace stands out with a sober and elegant majesty.

The façade, punctuated by classic architectural lines and green shutters framing the windows, foreshadows the atmosphere inside: spacious, bright rooms, where natural light streams through the large windows, enhancing the intense colors of the walls, the decorative details, the frescoes, and the period finishes.

The exposed wood-beamed ceilings tell a story of craftsmanship and solidity, while each room retains a unique character, made of generous proportions, airy perspectives, and refined details.

The interior spaces combine the charm of a historic residence with extraordinary versatility. The spaces lend themselves to being reinterpreted as a representative residence, a charming boutique hotel, a high-end hospitality facility, an institutional headquarters, or a multifunctional center. The internal courtyard with its elegant arched portico lends space and intimacy, offering a charming space that can become an event area, a relaxation zone, or the convivial heart of the property. It's a place that invites you to imagine exclusive receptions, cultural encounters, and authentic hospitality experiences. This property is more than just a large building: it's a project, a vision, a superlative investment capable of combining history, profitability, and prestige. A unique opportunity for those who wish to make their mark by enhancing a fascinating architectural heritage in one of the most distinctive and growing areas of the Lazio region.
